

The STEAM Team: Criss Cross (Medium)

Answer clues based on the content and vocabulary words from The STEAM Team. Look for hints in the Word Bank. Print the puzzle or use on your tablet, phone, or computer.

Across

1. Huge, glowing ball of gas
3. A camera that sends photographs or images over the internet
4. Large mass of ice that moves slowly down a slope
5. Word used to describe the force created by magnets, which can pull certain metals toward them
7. Narrow beam of strong light
9. Organs of fish and some amphibians that lets them breathe underwater
11. Part of a machine or robot that picks up information from its surroundings
12. Small, rocky object that travels around, or orbits, the sun
13. Object made of dust and ice that orbits the sun, developing a tail as it gets near to the sun
14. Any object that moves around the Earth, often a human-made machine that collects scientific information
17. Storm with thunder and lightning
21. Object made of rock, or rock and ice, that travels around a planet
22. Huge round object that orbits at star
23. To soak up or take in
25. Small type of planet, such as Pluto
27. Waste that has been dumped in water, in the air, or on land. Pollution usually harms the environment.
30. Instrument used to look at distant objects
32. Connected to the internet
33. Imaginary line that passes through the center of a planet or star, around which the planet or star turns
34. Part of the body that does a particular job, such as the heart or the stomach

Down

- 1. Place beyond the Earth's atmosphere
- 2. Part of the body that picks up information
- 5. Word used to describe animals or plants that live in or near the sea
- 6. Chart showing the days, weeks, and months of a year
- 8. Boat that can sail on top of the sea or dive deep underwater
- 10. Animal that is hunted for food
- 11. Unmanned spacecraft designed to study objects in space and send information back to the Earth
- 15. Huge group of stars, gas, and dust
- 16. Force field surrounding a planet, star, or galaxy
- 18. Wheel or rotor that is turned to make power, used in places such as wind farms
- 19. Tiny particles that make up everything around us
- 20. Someone who is trained to travel and work in a spacecraft
- 24. Object in space with such a strong force of gravity that nothing can escape it, not even light
- 26. Group of atoms stuck together
- 28. Animal that lives by hunting and eating other animals
- 29. Equipment worn by divers that lets them breathe underwater
- 31. Type of fungus that grows in damp places
