

## Celebrate 100 Days

### VOCABULARY

Word	Student-friendly definition
calendar	when you look at days, weeks, and months to know what day it is or what is coming next
chart	when you organize information using pictures, numbers, or words so it is easy to see and understand
collect	when you gather things together, like objects, ideas, or information
count	when you say numbers in order to find out how many there are
measure	when you find out how long, tall, heavy, or full something is by using tools or comparisons
sets	when you put objects together because they belong in the same group
trace	when you follow over lines or shapes with your pencil or finger
vote	when you make a choice by picking what you like or agree with
