

A Garden Full of Peas

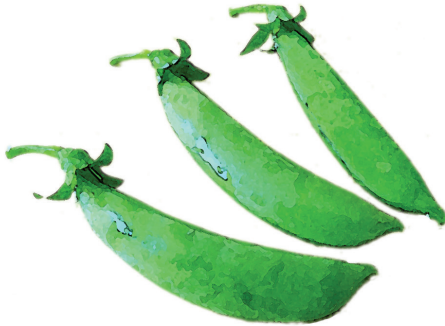

National Cancer Institute

Snow Peas

I love peas of all kinds.
I plant peas in the springtime.
I plant a garden full of peas.
I plant snow peas.
I plant snap peas.
I plant English peas.

Snap Peas

I water my garden. I care for it well.
My peas grow tall, green, and sweet.
Soon it is time to pick the peas.
They are not all ready at once.
The snow peas are ready first.
The snap peas are ready next.
The English peas are ready last.

English Peas

I eat my snow peas pod and all.
They are so sweet.
I eat my snap peas pod and all.
They are so crunchy.
I eat my English peas without the
pod. They are soft and sweet.
More peas for me, please!
