Dina's Diner

Dina's Diner, down by the truck stop, is a popular stop for truckers. The truckers love Dina because she is always nice and likes to joke with them.

Dina's pies are famous. She makes many different kinds of pies. Some are sweet, some are tart, and some are salty. There is a pie for everyone.

Twin brothers turned truckers, Pop and Mack, drive a truck together. They've always done everything together, including ordering pie. But they can't decide which pie is their favorite—the chocolate pie or pecan pie? Just in case, they order a slice of each kind and share.

If you were ever to inquire, Dina would tell you that her favorite pie is apple. She likes the sweet, tart taste and the crunch of the apples.

Dina loves making pie because she knows that it makes people happy. You can taste the love in Dina's pies. It is her not-so-secret ingredient that brings people back to her diner again and again.
